WRIGHT'S MACHINE BREAKS WORLD'S RECORD

Herbert Latham Fails to Cross the English Channel, Is Injured,

THAW'S PALLID FACE CAUSED TO FLUSH

Woman Testifies as to the Habits of Slayer of White

(By Associated Press.)
WHITE PLAINS, July 27.—Harry Thaw as he sat in the supreme court today heard a woman's testimony which caused his pallid face to flush. He saw a hand dog whip exhibited with which he is alleged to have flayed the bare flesh of girls. Mrs. Susan Merrill was the witness who opened a new chapter in the life of White's slayer. Her testimony was in marked contrast to that of the two alienists who declared as their opinion that Thaw was sane. She testified that between 1902 and 1905 she kept two lodging houses in New York, where Thaw rented rooms under assumed names and to which he brought at various times more than 200 girls. After Thaw's imprisonment, she

said, she paid these women \$25,000 for their silence to "keep them from bothering Thaw's wife and mother." One of them who she declared passed as Thaw's wife was given \$7000. The money came from Thaw. She told a series of stories as to finding Thaw on several occasions lashing girls on the bare arms and bodies with a dog whip. She said Thaw passed as a theatrical agent and lured the girls to his rooms on promise of engagements. Counsel for Thaw brought out on cross examination that Mrs. Merrill was recently arrested on a charge of perjury after an unsuccessful suit to recover \$100,000 damages from a man. Thaw may take the stand tomorrow.

L. L. HERR OF GOLDFIELD HELD ON SERIOUS CHARGE

Is Accused of Using Mails to Defraud

Deputy United States Marshal Henry R. Mack of Carson City arrived in Tonopah last evening on his way to the capitol from Goldfield. In the latter city he caused to be placed under arrest L. L. Herr, who is accused of using the mails to defraud.

It appears that Herr has been using his membership in the order of Knights of Columbus for the purpose of filching his friends in the east. It is alleged that he represented himself to be the owner of valuable mining ground adjoining the Mohawk claim of the Goldfield Consolidated Mining company. In his letters it is stated that he inveigled his friends into purchasing stock in a company which he had formed for the purpose of developing the ground. In this way, it is claimed, he received much money. When arrested there was found on his person a check made out in his favor in the sum of \$200 sent him by an eastern client.

Herr will be held in the Goldfield jail until Postal Inspector W. G. Swain can be communicated with in order that the latter may swear to a warrant charging the young man with using the United States mail for the purpose of defrauding.

Herr has resided in Goldfield for three years. When arrested he was employed as a clerk in Hunt's store. He has always borne a good reputation and his arrest came as a complete surprise to a large circle of acquaintances.

FRENCH COUNT IS TO MARRY AN AMERICAN GIRL

NEW YORK, July 27.—Count Robert de La Barge de Certeau, aged 53, of Paris, and Miss Jennie Bell Wolrath of Los Angeles, were today granted a license to marry. The event will occur before the first of August.

FRANK MANNIX RETURNS.

Frank P. Mannix, treasurer of Nye county and well known in editorial and political circles throughout the state, returned to Reno yesterday and will submit to a slight operation before going back to Tonopah. Mrs. Mannix is with him.—Reno Journal.

A Wonderful Performance by American Aeroplane

(Associated Press.)
DOVER, July 27.—Hubert Latham's second attempt to fly across the English channel ended disastrously. Almost in the moment of victory his monoplane fluttered down into the sea two miles beyond Admiralty Pier. Thousands of persons crowding the water front saw the fall, and for nearly half an hour were kept in suspense as to the aeronaut's fate. Shortly after the airship struck, the British battleship Russell picked up the unlucky flyer and put him aboard the French destroyer Escopette. After a surgeon attended to his injuries Latham was brought ashore and taken to a hotel. His face was bandaged and bleeding and his nose was broken. The machine, badly wrecked, was hoisted from a boat to the dock. Latham's flight, in some respects, eclipsed Bleriot's. He made a greater speed, being only twenty minutes in the air from the time he left the coast of France.

The flight across the channel started at 6 o'clock. Fourteen minutes later the airship was discerned heading straight for the center of town. Suddenly he began to slacken the speed, at the same time gliding toward the surface of the ocean. It fluttered a few times and fell. The excitement while the boats were going to the rescue of Latham was intense as it was feared the aviator might have been killed in the wreck if not drowned, but signals from the ships finally told the watchers on shore that Latham had escaped, although somewhat injured. When Latham finally arrived on shore the crowds cheered him enthusiastically.

WASHINGTON, July 27.—The world's aeroplane record for two men as to both time and distance was broken this evening in a beautiful flight of an hour, twelve minutes and forty seconds, upward of fifty miles at a speed averaging forty miles an hour, by Orville Wright at Fort Myer, with Lieutenant Frank P. Lahm of the army signal corps as a passenger. The former record, held by Wilbur, was one hour, nine minutes and thirty-one seconds, which was made at Lemans, France, last year when Professor Painleve was a passenger. The cheering which heralded the setting of a new mark in the conquest of the air, was led by President Taft in person, who was an interested spectator throughout the flight. Today's flight completed the first of two crucial tests of the Wright machine imposed upon it by the United States government in the so-called "endurance test," which required that it remain an hour in the air with one passenger. Orville did nearly thirteen minutes better and could have kept on indefinitely, but for the gasoline capacity of the supply tank. The other test, that for speed, will be completed tomorrow, weather permitting, when Orville will take Lieutenant Benjamin Foulers of the signal corps on a cross-country flight to Alexandria, Virginia, and return.

LIQUOR RESPONSIBLE FOR DOUBLE MURDER

(By Associated Press.)
LOS ANGELES, July 27.—That the killing of Harry E. Snyder and Otto Miller and the wounding of Miguel Lopez by Albert Ryan, organizer of the Western Federation of Miners in the United States hotel July 16, will be charged to liquor, was indicated at the examination of Ryan on a charge before Justice Frederickson today.

BARCELONA IS UNDER MARTIAL LAW JUST NOW

(By Associated Press.)
BARCELONA, July 27.—Barcelona is now under martial law. Serious rioting occurred following the declaration of a general strike in protest against the military operations in Morocco and the despatch to that country of a large body of troops. Several persons have been killed and many wounded. There has been much fighting in the streets. Food supplies are cut off, resulting in hardships and suffering. The prices of the necessities of life are almost prohibitive. All commercial activities are prostrated.

BIGAMIST WILL NOT MAKE LOVE FOR THREE YEARS

(By Associated Press.)
HONOLULU, July 27.—R. M. Baker, of Chicago, who was arrested here May 24 on a charge of bigamy upon cable instructions from Chicago, pleaded guilty and was today sentenced to three years' hard labor in the penitentiary by Judge Sanford B. Dole. Baker arrived here on May 1 from San Francisco. On board the steamer he met Mrs. Eva B. Wallace, who was en route to the island to marry a member of a well known Honolulu firm. So ardent was Baker's love making that the widow forgot her waiting fiancée and promised to become his wife. They were married immediately upon arriving at Honolulu. Baker is said to have a wife and child living in Chicago.

Battle Royal Over the Tariff Still Continues

(By Associated Press.)
WASHINGTON, July 27.—From the best information obtainable, it appears that the house has won the battle for free hides, oil, increased rates on gloves, hosiery and in return for surrender to the senate on lumber, coal, iron ore and print paper. The rates on these schedules have been tentatively arranged pending the acceptance of both houses of the program for a reduction of duties on manufactured leather below the rates fixed by the house as follows: Oil and hides, free; coal, 45 cents per ton; print paper, \$3.50 per ton; iron ore, 15 cents per ton; lumber, rough, \$1.50 per thousand feet; one side finished, \$2; two sides, \$2.50; three sides, which may include tonguing, grooving, \$2.62 1/2.

MAN MURDERED OVER HEAD OF JEFF DAVIS

(By Associated Press.)
LITTLE ROCK, July 27.—Shooting over the head of United States Senator Jeff Davis, W. I. Ellis, a resident of Pine Bluff was instantly killed by Nathaniel Willis of Indianapolis, in the circuit court room today. The shooting was the tragic ending of a lawsuit brought by Willis against his divorced wife who subsequently married Ellis. The suit was for the possession of a child. Willis secured an order to take possession of the child. The parties to the suit met in the courtroom to decide where the child was to be delivered. Ellis is a nephew of John F. Rutherford, a millionaire lumberman.

GEORGE BARTLETT TALKS TO BONANZA Congressman Will Attend the Mining Congress

Congressman George Bartlett was yesterday seen by a representative of the Bonanza and asked for an interview concerning national issues. The paper man found Mr. Bartlett willing to give the people through the columns of the Bonanza a brief statement.

Mr. Bartlett, as stated elsewhere in these columns, will leave this morning for Reno, where he expects to establish a branch office of the firm of Bartlett, Thatcher and Gibbons.

"I will not return to Washington until next December," said the congressman. "I have paired with a Republican on the conference report on the tariff bill and it will not be necessary for me to return to Washington until the first week in December."

Mr. Bartlett stated that it was his purpose to give strenuous attention to the enactment of one of the bills creating a bureau of mines. There are several bills already introduced looking to the creation of that department of bureau. He is now awaiting the action of the mines and mining committee whenever it succeeds.

WESTERN FEDERATION IS TO ESPOUSE SOCIALISM

NEW YORK, July 28.—Notice of an advance of \$2 a ton in wire products to take effect August 1 was given today by the American Steel and Wire company.

Literature Will Be Printed on Subject

DENVER, July 27.—The Western Federation of Miners today voiced its sympathy for the cause of Socialism. The first came with an adoption of a resolution instructing the executive board to publish Socialist literature in all languages spoken by members of the federation for general distribution. The second instance was the appointment of a committee to draft resolutions embodying the views of the federation in regard to the case of Fred Warren, editor of a Socialist paper, who was recently sentenced to six months in jail and fined \$1500 because of certain objectionable matter published in his paper. The only other business today was the report of the executive board member Fred Clough of Nevada. The convention will probably adjourn Thursday.

SPANISH LOSSES NUMBER NEARLY HALF THOUSAND

(By Associated Press.)
MADRID, July 27.—Spanish losses during the recent conflicts with the Moors are estimated at 400 killed and wounded. Tribesmen are reported to be flocking to Melilla and preaching holy war with Spain. They are armed with modern rifles and have plenty of ammunition.
